

QUALITY POLICY STATEMENT

The Company's stated objective is to maintain the desired quality of products and services at economical cost. This will be achieved through the planned and efficient utilisation of all technological, human and material resources available to LATHAM INTERNATIONAL Ltd. A Quality Management System meeting the requirements of **BS EN ISO 9001:2015** has been implemented in order to meet our objectives to ensure that all relevant statutory and regulatory requirements are met. This is also to aid us in attaining our targets of "zero defects", to meet or exceed customer's highest expectations for product quality, cost and delivery. To implement a continuous programme of quality improvement of the management system in order to attain the stated target of "zero defects", to meet or exceed customer's highest expectations for quality, cost and delivery.

The company recognises the necessity for the involvement and the co-operation of all employees in the achievement of the required quality in its products and services and encourages this to the full by instilling a commitment to Total Quality in every member of the Company.

A comprehensive quality system is operated throughout the company as described in the Quality Policy Manual.

The Company is fully committed to the necessary management, administrative, financial and technical control to maintain a continuous programme of quality improvements to achieve the Company's Quality goals and objectives.
